Subject: American Honda Foundation Grant Program

Date: October 17, 2017

The mission of the American Honda Foundation (AHF) is to help meet the needs of American society, with a funding priority in youth education, specifically in STEM, the environment, job training and literacy. The AHF awards grants to nonprofits, while strategically assisting communities in deriving long-term benefits. The AHF engages in grant making that reflects the basic tenets, beliefs and philosophies of Honda companies, which are characterized by the following qualities: imaginative, creative, youthful, forward-thinking, scientific, humanistic and innovative.

The grant range is from \$20,000 to \$75,000 over a one-year period. The maximum allowable indirect cost is 12%. The deadline to submit a full proposal to the foundation is February 1, 2018.

This is a limited competition. Each institution is limited to one proposal. **This limit applies to the branch campuses, as well. PIs from the branch campuses interested in applying to this opportunity must participate in this limited competition.**

If you anticipate that you will be submitting a preproposal for this internal competition, please send a statement of interest via e-mail to limited@unm.edu by November 1, 2017. This will help us to arrange a review committee in advance to expedite the process and maximize the amount of time the selected submitter has to prepare their final submission to the sponsor.

Please submit your 3-page preproposal (plus budget and CV; all documents in a SINGLE PDF file, 11 point font) by NOON on Tuesday, November 7, 2017 to limited@unm.edu with the subject line indicating: **AMHonda - your name. No late submissions will be considered. The preproposal should address the major points that will be included in the proposal narrative: 1) the proposed program/project for which funding is being sought; 2) description of the proposed program including an executive summary and the activities planned; 3) general long-term goals of the proposed program; 4) data collection and evaluation plans; 5) description of plans for program growth; 6) description of the communities served by the program and its benefits for the community. The 3-page narrative should be accompanied by a **draft budget overview** and a 2-page **PI CV**.**

Should you have any questions, please feel free to contact us at limited@unm.edu.
