

UNM Limited Competition Announcement

Dear UNM Researchers,

The Office of the Vice President for Research is requesting statements of interest (SOIs) for the **NSF: National STEM Teacher Corps Pilot Program (NSF 24-577)** limited competition. The purpose of this program is to elevate the profession of STEM teaching by establishing a National STEM Teacher Corps Pilot Program to recognize outstanding STEM teachers in our Nation's classrooms, reward them for their accomplishments, elevate their public profile, and create rewarding career paths to which all STEM teachers can aspire, both to prepare future STEM researchers and to create a scientifically literate public. This funding opportunity serves to establish an initial set of Regional Alliances responsible for (a) recruiting eligible applicants to become members of the National STEM Teacher Corps (see definitions in section II.A.); (b) screening, interviewing, and selecting members; and (c) supporting other activities detailed in the Program Description and the law (136 STAT. 1515).
