FIND FUNDING OPPORTUNITIES

UNM faculty, students, and staff can access the Pivot funding search database when they are logged into their myUNM or are using the university network. Pivot is a comprehensive global source of funding opportunities enabling researchers to search for specific funders or to use key words to sort through funding relative to their research goals. The Foundation Directory Online is available through the Library to anyone logged into their myUNM. **Junior faculty** are also encouraged to look at our **Faculty Support Initiatives** page where they can find funding opportunities from major sponsors specific to their current career status. Internal UNM seed funding opportunities are below and results of those relative to the Office of the Vice President for Research can be found on the **Faculty Support Initiatives** page. You can schedule a meeting with a funding specialist by clicking the Request for Proposal Support button below.

From Cloud Computing to Urban Farming: Pivot Adds Keywords

Research fields are continuously growing and evolving. To keep pace, Pivot periodically adds new terms to fit emerging fields of interest to our customers. Our most recent additions cover disciplines within the sciences, social sciences, humanities, and the arts, and include keywords such as Nosocomial Infections, STEM Education, Clean Technology, Carbon Sequestration, Organized Crime, Energy Industry, Synthetic Biology, Sustainable Design, Human Trafficking, Electronic Health Records, Green Buildings, Cloud Computing, and Urban Farming.

These keywords - like all others – are applied by editors to index Pivot funding opportunities.
