

To: Distribution List

From: Faculty Research Development Office (FRDO)
Office of the Vice President for Research

Subject: Limited Competitions: Partnerships for International Research and Education (PIRE) NSF 16-571

Date: July 1, 2016

UNM Researchers,

The Office of the Vice President for Research is requesting e-mails of interest for the NSF Partnerships for International Research and Education (PIRE) funding opportunity. A single organization may submit one preliminary proposal as the lead institution. Full proposals will be accepted by invitation only. There is no limit on the number of proposals in which an institution can participate as a partner.

PIRE projects must include collaboration with foreign research partners and international research experiences for students to promote a diverse internationally competitive science and engineering workforce. This PIRE competition will be open to all areas of science and engineering research which are supported by the NSF.

See the following link for further details: <http://www.nsf.gov/pubs/2016/nsf16571/nsf16571.htm>

If you are interested in submitting a proposal, send a statement of interest with a tentative project title and brief description (200 words) via e-mail to limited@unm.edu by **noon, Monday, July 11, 2016**. Based on the e-mail responses received, the Limited Competition Management Team may announce a call for preproposals. Please distribute this notice to departments and individuals whom you believe would be interested.

Required preliminary proposals are due September 14, 2016.

If you are affiliated with HSC, please contact Corey Ford at 272-6950 for more information.
